

## **12V/24V AC – DC 10A Battery Charger (TYC-10)**

Fully Automatic Charging

\*Switch Mode Technology

\*3 Stage Charging System

▶ 1st Stage: Bulk

▶ 2nd Stage: Absorption

▶ 3rd Stage: Float

\*Battery Type Selector

\*Reverse Polarity Protection

\*Compact And Stylish

\*High Efficiency

\*Led Visual Display

\*Charge Current :10A

\*Widely Input Voltage 90~135V ,180~260V

\*Temperature Controlled Variable Speed Fan
